CERTIFICATE OF NO AVAILABILITY IN EUROPEAN ORGANIC WINE

At present, the company Lamothe-Abiet certifies that it does not have commercially available organic equivalents for the products listed in this certificate.

All the products of the Lamothe-Abiet mark:

- Are not from Genetically modified organisms and do not contain a G.M.O within the meaning of part A article 2 of directive the EEC 2001/18 of the 3/12/01. They are not food products or ingredients obtained entirely or partially starting from genetically modified substrates concerned with the regulation EEC 1830/2003; this indicates the absence of cloning.
- Do not result from ionizing treatment nor of irradiations.
- Do not result from the use of the nanotechnologies except Blankasit Super and Gel de Silice.
- Do not contain nor are elaborated with substrate containing sewage sludge, with petrochemical substrate or with sulfite waste liquor.

Refer to the website of: www.intrants.bio to know the products from Lamothe-Abiet brand usable in organic winemaking BIO EU and/or NOP USA.

Before using, the products conformity must be validated in compliance with the certification body.
